THE BEAMA JOURNAL

A QUARTERLY REVIEW OF
BRITISH ELECTRICAL AND ALLIED ENGINEERING

Index to Volume 69, 1962

Number	Month	Pages
1	February	1-36
2	June	37-72

PUBLISHED BY

The British Electrical and Allied Manufacturers' Association (Incorporated)

36 & 38 KINGSWAY, LONDON, WC2

'Arch' a new idea in Automation 46
Argentina: Hydro-Electric Scheme 19; Turbine Power Plant for Textile Mill 18
Asynchronous Running Test on Turbo-Generators 58
Australia: Cables for Snowy Mountains 50; £3 million Turbo-Generator order 53; Centralised Control of Power for Melbourne's Tramways 55; Rectifier Equipment for Tasmania 55

Battery, New Portable 26
BEAMA C E G B Motor Terminal Box, Development of the 39

Book Reviews
A C Machines (Liewschitz-Garik, M. and Whipple, C. C.) 35
Aircraft Electrical Practice (Wainwright, L. F.) 70
Aircraft Instruments (Williams, C. A.) 71
Analytical Techniques for Non-Linear Control Systems (West, J. G.) 70
Electricity Undertakings of the World 36
Field Computations in Engineering and Physics (Thom, A. and Apelt, C. J.) 36
Functional Circuits and Oscillators (Reich, H. J.) 72
High Frequency Applications of Ferrites (Roberts, J.) 70
Introduction of Linear Network Analysis (Farago, P. S.) 72
Introduction of Transients (McCleery, D. K.) 71
J & P Transformer Book (Stigant, S. A. and others) 71
Lead & Lead Alloys for Cable Sheathing (Hiscock, S. A.) 70
Mathematical Methods for Technologists (Strain, M. N.) 35
Modern Dielectric Materials (Birks, J. B.) 70
Numerical Analysis (Kopal, Zdenek) 71
Physics for Electrical Engineers (Jolley, W. P.) 72
Plasma State (Hellund, E. J.) 72
Playing with Infinity (Rozsa, P.) 36
Practical Electrician's Year Book 35
Semi-Conductor Devices, The Use of 36
Transient Circuit Analysis (Ku, Y. H.) 35
Transient and Steady-State Analysis of Electric Networks (Peskin, E.) 35
(End of Book Reviews)

Britain's Electrical Industry, A Record Year 1
Britain's Latest Diesel-Electric Locomotive 56
British Trade Fair, Stockholm 49

Cable Glands, Adjustable 25
Cables for China Light & Power Co 53
Cables for East Germany 55
Cables for Snowy Mountains Hydro-Electric Scheme, special design of 330 kV 50
Canada: 300 MW Turbo-Generator now in service 16; Tunnelling Machine 55
Capacitor Bank for Testing Power Transformers 7
Central Electricity Generating Board: Anglesey Nuclear Power Station 16; Asynchronous Running Test of Turbo-Generators 58; BEAMA C E G B Motor Terminal Box 39; Research Laboratories 60; West Thurrock Power Station 52; 500 MW Set on Test 63
Cologne Fair, Largest British Exhibit at the 8
Contactors, New Unit 67
Control Equipment for Europe 18
Control Gear, Ellison Enter the Automatic 27

Diesel-Electric Locomotive, Britain's Latest 56
Development of the BEAMA C E G B Motor Terminal Box 39
Doulton Insulators Overseas 17

Electric Smelting Furnace for India 53
Electrical Engineers (A S E E) Exhibition 2, 20, 64
'Electric Power' Replaces 'The Beama Journal' 37
Electron Accelerator for Germany 40 Mev 28
Epicyclic Gears for Japanese Nuclear Power Station 54
European Information Service 16
Exhibitions: British Trade Fair, Stockholm 49; Electrical Engineers (A S E E) 2, 20, 64; Cologne Fair 8; Hotel and Catering 32; Instruments, Electronics and Automation 48; Valenciennes Flower Show 23

Greenhouse of Tomorrow 23

Heating Element Bender 68
Hotel and Catering Exhibition 32

India: Electric Smelting Furnace 53
Induction Heaters for Roller Bearings 68
Induction Motors, Single Winding, Speed-Changing Squirrel Cage 33
Instruments, Electronics and Automation Exhibition 48
Insulators for Ghana 54
Introducing 'Arch'—a new idea in Automation 46
Italy: High Tension d c Transmission Scheme 19

Lighting Contract for Polish Floating Dock 53

Macao, Generating Equipment 17
Malaya: Large Cable Contract 18
Microwave Link for Fiji 53
Monitor, New Single Hand 67
Motor Starter, New Hand-Operated 26
Motor Terminal Box, Development of the BEAMA C E G B 39
Motors, New Range of Steelworks 69

Netherlands: Control Equipment for European Steel Works 18
New Outdoor Switchgear Developments (Parry, J.) 3
Nuclear Power Station in Anglesey 16

Pantograph Test Train Developed, New 21
Parry, John, New Outdoor Switchgear Developments 3
Peru: £30 million Power Development Scheme 19
Poland: Marine Electrical Equipment 18
Printed Circuits for Britain's First Satellite 53

Rectifier Power Source for CO_2 Welding 26
Rectifier Transformer 67
Relay, Polyphase Directional 25
Research Laboratories of C E G B 60
Resistance Electrodes 67
Robotugs for Europe's Largest Goods Station 17
Rumania: Large Motor Contract 19
Rumanian Factory to have British-made Control Gear 54

Silicone Rubber, Tougher 67
Single Winding, Speed-Changing Squirrel Cage Induction Motors 33
Snowy Mountains Hydro-Electric Scheme, Special Design of 330 kV cables for 50
Soldering Iron, 15W 68
South of Scotland Electricity Board; Boiler Plant for Cockenzie 19
Spanish Order for Sirius Computers 53
Special Design of 330 kV Cables for Snowy Mountains Hydro-Electric Scheme 50
Stockholm, The British Trade Fair 49
Stud Welding Transformer 67
Submarine Cable Test Equipment 26
Sudanese Textile Mill 17
Switch, New Rocker 27
Switchboard for the Middle East 54
Switchfuse, New a c 27
Switchgear Developments, New Outdoor (Parry, J.) 3
Switchgear for Kuwait 55

Testing Power Transformers, Capacitor Bank for 7
Thermostats, New Range of 27
Thermostats, Pipe 69
Trinidad and Tobago Submarine Power Cable Contract 16
Triode for R F Heating 26
Turbine Plant for Argentine 18
Turbo-generators: Asynchronous Running Test on 58; 550 MW Turbo-generators on test 63; 220 MW sets for Australia 53

Waste Disposer, Electric 25
Water Turbine in India 17
Welding: Machine for Copper Tube 68; Medium Power Hand 25; Flux Recovery Unit 69; Welder, Automatic Fin 69
